RACING EVENTS

COMPANY PRESENTATION

HOW IT ALL STARTED

Pieter is CEO of Xwift, a leading transport company which he started in 2007. From the beginning, hard work was the only solution to get Xwift where it is today. Due to health problems Pieter realized that he also needed "something else" once in a while. In 2017 he discovered the racing scene through an incentive formula. He immediately had a taste for it. It took only 2 years, together with coach Markus Palttala and co-driver Gregory Eyckmans, to take 1st place at the 24h of Zolder (Belcar 6 category).

As he discovered a lot of difficulties to find his own way on track, Pieter has started his own racing school. With this thorough training he wants to bring new people to the circuit, without them having to overcome the same obstacles he encountered. We will worry about everything, so you can just "arrive and drive"!

In this folder you can find out what we are offering as Ultimate Racing School. Check our website <https://xwift.racing> or follow us on social media to stay up to speed about our upcoming events and extra features.

Racing has given me a fantastic opportunity to let go of everyday stress. When you're in a race car you can't think of anything else, it's all about being focused. It's exciting, fun and has many similarities with entrepreneurship. You take considered risks, think ahead, work with data to improve yourself and try to be the best!
- Pieter Denys, CEO Xwift and Xwift Racing Events

Standard: 6 *30 min – Premium: 9 *30 min – Unlimited: 12 *30 min
- Data/video coaching
- Optional slicks
- Discount budget on our networking events (e.g. racing on ice, ...)

CONTACT US FOR MORE INFO ON OUR MEMBERSHIP FORMULAS

Eager to take your first steps on a circuit? Book a track day at Xwift Racing Events!

A track day is an organized event where both skilled drivers and people without any experience can race on a professional track. Our team will teach you how to improve your car control and driving skills. More experienced drivers will be trained to prepare them for different races throughout the year. Our data analysis system and video footage can be used to provide you with tailored training.

Hospitality:

Every race driver needs a break from time to time, during which you can use our sim trainer to further test your limits. Our infrastructure allows us to recover from your stint in beautiful surroundings. We also offer an extensive catering service for breakfast and lunch.

So if you like speed and adrenaline, the Ultimate Racing School of Xwift Racing Events might just be what you need!

TYPICAL DAY SCHEDULE

- 07u30 - Arrival
- 07u45 - Breakfast
- 08u30 - Safety briefing
- 09u00 - Open pit lane
- 12u00 - Lunch
- 13u00 - Open pit lane
- 18u00 - End of session

You can continuously enjoy full catering.

Obviously you have the option to take a shower after the effort in our own race trailer.

In between, you can practice on one of the provided racing sims so that you can explore the track many times in advance and crown your effective performance with razor-sharp chrono times!

GET BACK ON TRACK...

AUTO RACING BEGAN 5 MINUTES AFTER
THE SECOND CAR WAS BUILT

- HENRY FORD -

CIRCUIT DE SPA FRANCORCHAMPS

Spa-Francorchamps is a race track in the municipality of Stavelot, province of Liège. The Spa-Francorchamps circuit is considered by many drivers to be the most beautiful track in the world.

Seven kilometers long, fast and ideally making use of the relief of the Ardennes. Of the twenty turns, we especially remember the Eau Rouge, which has some crazy passages. The original route of the circuit (15 km) used sections of the public road.

Since: 1924
Fastest lap: 1'41"770

Length: 7,004 km
Curves: 20

Circuit Zolder

Circuit Zolder (aka Circuit of Terlaemen) is a race track located near the village of Viversel, which is part of Heusden-Zolder.

The Limburg circuit welcomed the F1 circus ten times in the 1970s and 1980s. The four-kilometer track contains some technical passages. The circuit welcomes different races, from trucks to motorcycles and even bicycles! The most famous race on this track is the 24 hours of Zolder.

Since: 1963
Fastest lap: 1'12"

Length: 4,011 km
Curves: 10

METTET CIRCUIT JULES TACHENY

The Circuit Jules Tacheny is a race track in Mettet in the province of Namur. It is a small track of 2.3 kilometers, but still has ten corners. Small but nice, because the pilots and the public are never bored! It used to be mostly known to motorcyclists, but has been permanent since 2010 and is used by various driving schools.

The track is not suitable for large-scale events such as Formula 1 or Superleague Formula. In terms of layout, the circuit is somewhat like Reims-Gueux, which is also short and winding. The track is especially suitable for small racing classes and race training.

Since: 2010
Fastest lap: 1'03"202

Length: 2,28 km
Curves: 10

INCENTIVES

If you want to give your staff, customers or prospects the day of their lives, book a high-end day full of adrenaline, Xwift Racing Events can arrange everything for you! The sky is the limit in our all-inclusive package. We provide the experience of circuit driving, accompanied by professional coaches and catering in well-developed racing cars. We prepare your business relations during their first steps on the track. We have several solutions for you. Bookings are possible from 2 to 50 people a day. Contact us for a tailor-made proposal.

EXTRAS ON REQUEST

Batak // Simulator trailer // Cocktail workshop

2ND ACTIVITY TO BE FORESEEN ON THE BASIS OF INTEREST

Paintball // Quad driving // High-Ropes // Vespa tour // Segway // E-Bike // Brewery visit // Sky dive

Incentives possible at Circuit Mettet, Clastres, Zolder and Spa-Francorchamps.

A complete tailor-made program can be worked out to optimise your experience.
Info & offers : events@xwift.racing

		1x 12-minute ride with professional pilot sim-training during break
18:00	possibility to end the day with diner and/or hotel arrangements	

SIM TRAINING

Gregory Eyckmans is a perfect example of progressing from sim racer to real racer! Sim racing was a big part of my life as a teenager, and it helped me a lot in my racing days too. The advantage is that I can adapt very quickly to a different car and track, but also to changing circumstances.

Xwift Racing Events offers the complete package and the sim gives you the same cockpit-like feeling as in a real race car thanks to the excellent seating position. I have coached people with almost no experience, and they got up to speed quite quickly after intensive training in the sim.

It not only helps you improve your racing lines, but also your focus and reflexes. Highly recommended for drivers and motorsport fanatics!

Simulator training under the guidance of a professional coach.

THE RACE

Together with a group of fellow CEO's / entrepreneurs you can join a high intensity racing program that ends with a blast: racing in the one and only 24H of Zolder!

Racing is and always will be an expensive activity... this is something we cannot change. What we can do, is increase the direct return on investment.

We try to give you a higher value for your money by, amongst other things:

- Company promotion:
We ensure posts on Instagram etc. which will provide extra visibility for the different companies.
- Networking:
By competing in the same sport, pursuing the same goal and battling in a sporty way, you create stronger bonds than in everyday life.

Continue reading for more details.
